LSFD News:

OES 8331 has again been sent to pre-position assignments in the north state. I am told this will be a regular request for red flag warnings or major wind events throughout the state. Fortunately, minimal fire activity has taken place in 2019.

Applications for the new Recruitment & Retention coordinator closes today. We will review these applicants Friday with interviews tentatively scheduled for early November.

The burn ban for Siskiyou County has been lifted. Burn permits are required however no burning is allowed within the district.

LSFD firefighters continue to focus on the Rancho Hills area for fuel abatement. There has also been numerous citations issued in the Hogan Drive and Lake Shore drive areas.
